Petersburg took an easy game from
Portsmouth this afternoon. James
was at his best, striking out eleven
men and keeping the hits made off him
well scattered. His support with exception of Keefer's error in throwing
wild to second in the first linning was
magnificent. Turner especially distineuished humself on first. Hallman magnificent. Turner especially dis-tinguished himself on first, Hallman undertook to find the plate but after giving four bases on balls in the first, forcing in one run, and three in the second, netting three more, he was relieved by Moynihan. Petersburg had no trouble in finding him for hits when

RICHMOND, Va., August 9.—Richmond and Roanoke met here this after noon and played decidedly the worst game that has been presented here this season. There was absolutely not a feature in the contest, and errors abounded on both sides, the visitors having the best of the home team in error making. Score:

Judge A. E. King and his associates, of the City of Roanoke, take life, from a basebai standpoint, very philosophically. They deserve a great deal of credit for the manner in which they keep Roanoke before the people. It takes good staying qualities, and they possess it.

The Lynchburg Athletic Association is composed of some of the very best citizens of that city, who keep up the sport of the National game, not with a view of deriving a pecuniary benefit from it, but solely from the love of honest sports, and, that their city may be represented, along with others of the old Commonwealth.

The "Blue Birds" will undoubtedly win the "pennant," and that very desirable piece of bunting will grace a flagstaff in West End park next season.

This will afford the Richmond public much pleasure, and it is only natural possess it.

According to reports the people of Petersburg are not very well pleased with the showing made by their team this season. Petersburg people, as a rule, put their whole heart and soul in whatever they attempt, and the fact whatever they attempt, and the fact that they have been victorious on so many occasions makes this season's work of their club all the more aggra-vating and unpleasant to them. THE STORM YESTERDAY.

A Boat Capsizes Below Lambert's

Early yesterday morning storm clouds appeared in the west and northwest which gradually increased in size till they spread over the sky, and daring the afternoon a storm swept through this section northwest of the city. There was a very slight fall of rain in Norfolk, but down the river the storm was severe.

Is an assured fact.

This has been brought about by a campaign of education. When the idea was first advanced the opposition in Berkley was determined, and among those who objected were men prominent in the business and political affairs of the town. Mass meetings were held in Berkley, and were largely attended. At one of these meetings a committee was appointed to consider the question and prepare an address to the people. storm was severe.

The steamer Luray reports that she caught the heaviest of it. Below Lambert's Point a small boat containing bert's Point a small boat containing three men was overturned. As the Luray passed they were clinging to the bottom of their boat and a small tug was going to their relief. The weather was so thick that the Luray could not tell whether they were white or colored. FAVOR THE IMPROVEMENT.

Will Advise the Opening of Holt Street.

Several years ago the question of opening Holt street was first agitated. There have been strong advocates and resolution was passed favoring annexa-tion upon plans to be later adopted and acceptable to the people of Berkley.

There have been several meetings strong opposers. Those who favor once seen victory in sight, but have thus far met defeat.

The Council Committee have been

discussing the question very earnestly for some time, and have concluded to present to the councils a resolution recommending that all former action be recinded and the street be opened, and after discussing the question in a general way they have at last agreed that Berkley shall be admitted as one of the old wards; that Norfolk shall guarantee the issue of her bonds; that Norfolk shall assume the habilities of lifty feet wide, from Church to Cumberland street, and the widening of Wolf street on the south side to a corresponding width from Cumberland street to Market space.

Rent Estate at Auction. By direction of W. H. Burroughs, trustee, Townsend & Joynes, will sell at the Real Estate Exchange at 12 m. to-day, two lots and the improvements thereon, situated on the north side of Goff street, each having a frontage of twenty-two feet and running back twenty-two feet and running back a depth of 100 feet. They are improved by a two story double tenement frame dwelling, with a kitchen in rear, reuted to good tenants. The houses are numbered 206 and 208. Also all that tract of land situated in the county of Norfolk, bounded on the north by the land agreed upon these points.

The plans will be further considered of lind stunted in the county of Nor-folk, bounded on the north by the land of William Haynes; on the east by the lands of David Dunn, on the south by ratification.

It is proposed that a joint committee shall prepare a bill of annexation to be passed by the Legislature at the next the lands of Mary Halstead and — Eastwood, containing by estimation, sixty acres.
